an intimate setting for serious,
self-directed artists' residencies

Since 2001, I-Park has hosted over 700 fully-funded 4-week artists' residencies on its 450-acre nature preserve in East Haddam, CT.

I-Park serves as both an open-air and a closed-studio laboratory for creative pursuits in the fields of visual arts, music composition/ sound art, creative writing, moving image, architecture and landscape/garden/ecological design. I-Park advances its mission through its international artists-in-residence program and the aesthetic engagement of its natural and built environments.
